### Part 1 - Eligibility

\* indicates a required field

#### Welcome to the Exploration Drilling Grant Initiative Application Form

If you have any queries about this process please contact Steve Richardson on (03) 6165 4800 or email [info@mrt.tas.gov.au](mailto:info@mrt.tas.gov.au)

#### Guidelines

Refer to the program [guidelines](#) for the full conditions to this grant.

#### Eligibility check

Before proceeding with the application for the Exploration Drilling Grant Initiative, please ensure that you meet the eligibility criteria outlined below.

In order for an application to be deemed eligible supporting documentation to demonstrate eligibility must be provided where requested.

##### **Eligibility checklist \***

- ☐ Must hold an Exploration Licence, Special Exploration licence, Retention Licence or Mining Lease covering the proposed project's location. However, consideration will be given to those proposals with an Exploration Licence Application, where a recommendation to grant has been made to the Minister, but only if the licence will be granted in a reasonable time frame.
- ☐ The program is open to all types of entities which hold the tenement and license or lease. Joint applicants must lodge a written instrument with MRT. If the applicant is a natural person, then that natural person must be aged over eighteen years.
- ☐ Must be registered for tax purposes in Australia with an active Australian Business Number (ABN).

All must be selected.

### Part 2 - Applicant details

### Estimated program duration \*

## Part 4 - Proposed Drilling Program Summary

\* indicates a required field

### 4.1 Summary Drilling Program

Please attach a table of drill hole locations including:

- Hole ID
- Easting & Northing
- Elevation (m)
- Hole bearing and dip
- Total Hole Depth (m)
- Geodetic Datum and Projection (include MGA94 coordinates if project area uses a local grid).

Must be a number.

### Drilling method(s) \*

### Estimated mobilisation, access and drill pad costs \*

Must be a dollar amount.

Please enter as zero if not relevant.

### Estimated direct drilling costs direct drilling costs (metres, standby, consumables, etc) \*

Must be a dollar amount.

Please enter as zero if not relevant.

### Estimated assay budget (including geochemistry, petrology, water sampling) \*

Must be a dollar amount.

Please enter as zero if not relevant.

### Estimated spectral survey budget (hylogging, ASD, PIMA etc) \*

Must be a dollar amount.

Please enter as zero if not relevant.

### Estimated downhole geophysical budget (EM, IP, wireline logs, temperature measurements) \*

Must be a dollar amount.

Please enter as zero if not relevant.

### Total estimated drilling program cost

This number/amount is calculated.

What is the total budgeted cost (dollars) of your project?

### Estimated helicopter support cost (if required)

Must be a dollar amount.

Please enter as zero if not relevant.

### Total government funding sought \*

Must be a dollar amount.

What is the total financial support you are requesting in this application?

## Part 5 - Project Rationale

\* indicates a required field

### 5.1 Summary project description

**Please provide a summary of the project's aim, targets and the data or results expected to be delivered from the project. \***

Provide a short description (100 words recommended) of your project - what are you out to do?

### 5.2 Exploration Model and Geological Context

Provide a review of the regional and local geological context and the exploration model being applied to the area.

Where appropriate attach additional diagrams that would provide further information including:

- Regional geological setting and exploration model
- Predictive plans, cross sections, long projection
- geophysical and geochemical coverage and models
- 3D modelling

\*

Please limit your response to 500 words.

**Please provide appropriate plans, diagrams and sections.**

Attach a file:

### 5.3 Previous Work

Provide a review of the results of any previous work (e.g. historic and recent geophysics, geochemistry or drilling) in the project area, with particular reference to the results used to define the drill target.

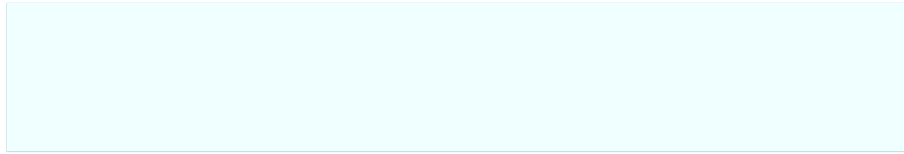

Where appropriate, attach additional diagrams that would help to provide further information including:

- Historic and recent drilling
- Historic and recent geophysical or geochemical surveys and modelling.

### 5.4 Proposed Drilling Program

Discuss the specific location, targeting rationale and proposed drilling program details, including expected drilling depths and predicted geology.

Where appropriate, attach additional diagrams that would help to provide further information including:

- Collar locations (include MGA94 coordinates and orientations if project area uses a local grid)
- Predictive geological plan, cross-sections and long projection
- Exploration targets and models.

\*

**Please provide appropriate diagrams, plans and sections.**

Attach a file:

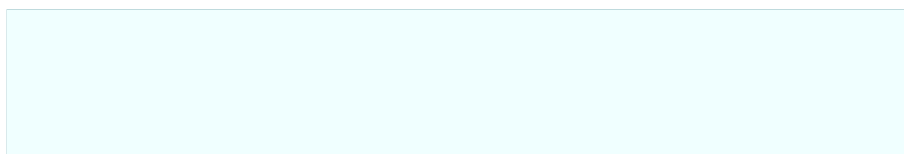

### 5.5 Program Objectives and Results

Discuss the specific geoscientific objectives to be tested, impact of the program and the data / results to be presented as part of the final report. Include information on any proposed sampling and geochemical analyses, petrological work, water sampling and down-hole logging.

Note: All outputs will be required in accordance with the reporting requirements detailed in the **Mineral Resources Development Act 1995** and conform to the standard format for Mineral Tenement reports described in the **MRT Reporting Guidelines** (including the requirements for submission of digital data).

\*

### Part 6 - Project Management

\* indicates a required field

#### 6.1 Environmental Impact Information

Summarise the drill program features likely to affect the environment and precautions taken to limit the impact (noise, erosion, waste disposal, water pollution, fire etc.) and the proposed site rehabilitation and timing.

(Note that prior to drilling commencing a standard work program application will need to be completed and approved by MRT)

\*

#### 6.2 Project Risk Management

List any potential risks (e.g. safety, drilling logistics, difficult drilling conditions, rig availability, site access, tenement approvals, timing, personnel, environmental incidents) and note the potential consequences and proposed risk management.

| Potential Risk | Potential Consequence and Management |
|----------------|--------------------------------------|
|                |                                      |
|                |                                      |
|                |                                      |
|                |                                      |
|                |                                      |
|                |                                      |
|                |                                      |
|                |                                      |

#### Data Confidentiality

**Will a period of confidentiality be required for drilling results and proposal contents?**

☐ Yes

☐ No

**If yes, what length will this period be?**

A maximum allowance of six months is available commencing after final report submission.

### Part 7 - Stakeholder Engagement
